Having made arrangements to go into the "Ready-made Clothing business" extensively this season, he feels confident that he can offer to those wishing to purchase a stock of Cothing, not inferior to any in this city, and not made up at the north, as is usually the case with work sold here; but cut in his own establishment, and made by our own needy citizens in this dull season, at low rates of prices. He is enabled, therefore, to compete with northern work in point of prices; and as to quality and style, he will leave for those who favor him with a call to judge.

party may represent its opinions and express its

The SENTINE. will uphold and defend the Union upon the basis of the rights of the States—under the Constitution—and thus by sedulously guarding the latter, it will the more effectually strengthen and perpetuate the former.

and perpetuate the former.

With regard to the exercise of the powers of the Federal Government, the Sentinel will take as the principles of its action, that Congress shall exercise no power which has not been delegated by the Constitution, according to a strict and fair interpretation of its language and spirit; and that it shall not seek to attain indirectly an object through the exercise of constitutional power, for the direct attainment of which it has no delegation of power. In other words, all powers exercised must be clearly granted, and all granted powers must be used for no purpose, except such as is clearly intended by the Constitution.

In respect to the internal administration of the Government, the SENTINEL will sustain the settled policy of the Democratic party. It will labor to inculcate this cardinal doctrine of Democratic in inculcate this cardinal doctrine of Democratic in ternal policy:—that this Government will best promote the freedom and prosperity of the people of the States, by being less ambitious to exercise power, and more anxious to preserve liberty; and by leaving to the individual States the management of all their domestic concerns—while it contents itself with guarding the confederacy from external violence, and directing the foreign policy of the country to the promotion of the common interests, and defence of the common rights, and honor of the States composing it.

The Sextinel will advocate such a progressive foreign policy as will suit itself to the exigencies, and correspond with the expanding interests of the country. That policy should be energetic and decided; but should temper firmness with liberality and make its highest ends consist with the strictest principles of justice. The real interests of the country, upon each occasion demanding attention will be its guide in the course the Sextinel will pursue.

For when the selfish interests of other nations prompt a foreign or colonial policy which infringes upon our rights, and places in the pathway of our commerce a dangerous and unfriendly rival, such a policy must be resisted by remonstrance, and, if need be, by

Our foreign policy should, indeed, be defensive; but to be properly defensive, it must sometimes be apparently aggressive. Our administration should be vigilant, watchful, and energetic. The world is full of important movements, commercial and political, deeply concerning American trade and American power. It is time we had an American foreign policy. We must have it. We cannot avoid it if we would. We have larger interests, and a greater stake in the world and its destiny, than a people refuse to lay hold upon their destiny, and act upon the high mission to which it is called? The Messrs. Heidsteck & Co., as set forth therein, justly claim to be alone enabled to send to this country the genuine Heidsteck & Co. Champaigne, under the same name and style as originally introduced into this market, now nearly thirty years ago, they being sole proprietors of all the identical vineyards, cellars, &c., which the founders and originators of this celebrated brand had owned.

Such being the fact, we need not dwell upon the superior quality of their Wines, the reputation of the same among the American public being already identified with unsuspassed excellence.

We beg particularly to notice that their brand still bears the same name of Heidsteck & Co., in full, by which it first became so favorably known, being thereby easily distinguished from other similar marks which have since appearad.

on the same liberal terms.

The White Paint is warranted pure, and is unsurpassed by any other article in use. It is sold either dry or ground in oil.

The Brown Zine is made only from the New Jersey Zine Ores, and is extensively used as a protection to iron or other metallic surfaces. It is a cheap and economical paint.

The Brown Stone Color is unequalled as a durable covering for Cottages, Depots, Bridges, &c. The consumption of it is very large, and it has given entire satisfaction.

All the paints manufactured by the company are of the highest excellence, some important improvements having recently been discovered and applied in their preparation, and they are warranted to keep soft and fresh in the kegs, any reasonable length of time. In this respect, they are superior to any others in market.

RECOMMENDATIONS.

U. S. Navy Yard, Gosport, Va.,

January 20, 1854.

To C. B. Detmold, President N. J. Zinc Co., N. Y.

Sir: A series of experiments conducted by me, with the utmost care, during the past three years, upon all the various paints and artificial preparations for the preservation of timber, have led me to the important discovery that the White Zinc Paint, manufactured by the New Jersey Zinc Company, serves as a perfect protection against the ravages of the marine worm, and the formation of barnacles, whilst no other paint or preparation of any kind combines the same protective effect.

I am now preparing a full report on this important subject to the Bureaus of Yards and Docks, at Washington, and shall send with it a complete series of specimens of wood and metal plates, which were covered with the different paints and preparations, and then exposed alike or an entire season, in salt water, opposite this tray yard; all of which illustrates, in the most sit. they manner, the invaluable qualities and decide, a speriority of your White Zinc Paint over allower kinds paints, especially for marine purposes

You are at liberty to give full pub. city to the above stated facts, which are of too much importance to be kept from the naval and commercial world. I am, respectfully, your obedient servant, JAMES JARVIS, Inspector U. S. Navy Yard, Gosport, Va.

OFFICE OF THE N. Y. AND LIVERPOOL U. S. MAIL STEAMSHIP Co., Jan. 31, 1854. The steamers of this company use exclusively the Zinc Paint manufactured by the New Jersey Zinc Company, experience having proved its decided superiority over all other paints.
